

AL AFLAJ

Building Maintenance

“A creative engineer is motivated by the desire to achieve, not by the desire to beat others”
- E Sreedharan

“The road to success is always under construction.
—Arnold Palmer”

“The four building blocks of the universe are fire, water, gravel and vinyl.
—Dave Berry”

ABOUT US

As an established construction company, **AL AFLAJ BUILDING MAINTENANCE** specialises in building works, civil engineering works, addition and alteration works, upgrading works, design and build projects

Founded in 2005, we have been active in most aspects of the construction industry. The company has worked on both public and private projects, and these include building and civil engineering projects by government bodies and statutory boards, private developers and home owners.

AL AFLAJ recognises quality and safety as an integral part of its construction business. It signifies the company's commitment to continuously provide the best services and also to deliver high quality standards to its customers.

It is also the company's policy to ensure timely handover, minimise defects and material wastage, maintain a safe and healthy working environment, and to provide constant training to its staff so as to improve their level of workmanship.

AL AFLAJ will continuously strive towards 100% customer satisfaction in all aspects such as cost, efficiency and quality.

MISSION

To form long-term relationships of value with our clients and partners by using quality construction and engineering solutions and employing the best resources and latest techniques

VISION

To be the leading provider of quality construction and engineering services in the Middle East, and across the globe.

OUR SERVICES

Al Aflaj has been providing a wide range of project delivery services to the construction industry and working with our customers to deliver a first-class service on time and on budget without comprising quality, safety or the environment.

We work with customers to innovate and adapt to their changing needs, in a way that delivers best value solutions..

“Our focus is on working with our customers to improve performance and raise standards. We are passionate about our business and with the energy, ability and commitment of our staff we look to the future with enthusiasm.”

DIRECTOR'S STATEMENT

Taking our company further

“Building our bridge towards success”

"Since its humble beginnings in the Middle East construction industry as a low grade general contractor fifteen years ago under several title Al Aflaj has progressively demonstrated a consistent feat of growth in organizational capacity, size, complexity and variety of the construction works that it undertakes. As it stands, our Company is regarded by its esteemed customers and partners as a reliable brand that ensures the deliverance of optimum value for a given outlay of investment."

We recognize that our firm shall move on and look forward to aligning itself with the prevailing pace to be able to meet it's construction standards, enhance its market share and revenue, diversify its business portfolio towards the manufacturing and supply of construction inputs,

"I would like to take this opportunity to call up our esteemed employees, customers, consultants, material suppliers, subcontractors, and friends to keep on working together and contribute their level best towards the achievement of our Company's core objectives so that Al Aflaj becomes one of the most preferred construction firms operating in the sector.."
